

**Results of Operations for the Three Months Ended June 30, 2021** - American Overseas Group Limited Announces Net Loss Of \$3.0 Million and Operating Loss of \$2.4 Million For the Three Months Ended June 30, 2021.

HAMILTON, Bermuda, September 30, 2021 (BUSINESS WIRE) -- American Overseas Group Limited (BSX: AORE.BH) (Pink Sheets: AOREF.PK) ("AOG" or the "Company") today reported consolidated net loss available to common shareholders of \$3.0 million, or \$63.75 per diluted share, for the three months ended June 30, 2021. This compares to consolidated net loss available to common shareholders of \$1.4 million, or \$30.97 per diluted share, for the three months ended June 30, 2020. Book value per weighted share at June 30, 2021 was \$1,003.21 a decline from the book value per weighted share of \$1,112.19 at June 30, 2020.

For the three months ended June 30, 2021, the Company had an operating loss of \$2.4 million, or \$51.26 per diluted share, compared to an operating loss of \$20.7 million, or \$443.09 per diluted share for the three months ended June 30, 2020. The financial guaranty segment ended in April of 2020 due to a commutation of the remaining portfolio of financial guaranty reinsurance business it had assumed from Assured Guaranty Municipal Corp ("AGMC"). The aggregate outstanding par value of the reinsurance portfolio commuted was \$345.0 million.

For the three months ended June 30, net earned property and casualty premiums increased \$1.5 million from \$4.1 million a year ago to \$5.6 million, driven by an increase in existing and new programs. Fee income increased 28.6% from \$2.1 million to \$2.7 million driven by an increase in gross written premiums year over year of \$27.8 million, moving from \$86.9 million to \$114.7 million. Quarterly direct written premiums were positively impacted by continued expansion of new programs in Texas and other key states as well as overall economic recovery, causing volume increases in the personal auto market. Loss and loss adjustment expenses as a percentage of earned premium increased from 51.2% to 66.0%.

For the three months ended June 30, operating expenses increased \$2.1 million from \$2.8 million to \$4.9 million primarily due to a one-time recognition of items previously held as a receivable against a personal guarantee contract. This contract is associated with a managing general agency program that was discontinued in the first quarter of 2020. Each quarter, the Company evaluates the collectability of the receivable, and has determined there to be a significant risk to collectability in the near term. The Company no longer holds a receivable balance for the matter in question, but continues to vigorously pursue its interests to recover expenses owed under the personal guarantee contract.

As part of its ongoing capital management efforts, the Company will continue to redirect excess capital within the group to debt reduction unless other compelling opportunities present themselves.

#### **Forward-Looking Statements**

This release contains statements that may be considered "forward-looking statements" within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements include, without limitation, the Company's expectations respecting the volatility of its insured portfolio, losses, loss reserves and loss development, the adequacy and availability of its liquidity and capital resources, its current run off strategy, its strategy for writing other reinsurance businesses and its expense reduction measures. These statements are based on current expectations and the current views of the

economic and operating environment and are not guarantees of future performance. A number of risks and uncertainties, including economic competitive conditions, could cause actual results to differ materially from those projected in forward-looking statements. The Company's actual results could differ materially from those expressed or implied in the forward-looking statements.

### **Explanation of Non-GAAP Financial Measures**

The Company believes that the following non-GAAP financial measure included in this press release serve to supplement GAAP information and is meaningful to investors.

**Operating income (loss):** The Company believes operating income (loss) is a useful measure because it measures income from operations, unaffected by non-operating items such as realized investment gains or losses. Operating income (loss) is typically used by research analysts and rating agencies in their analysis of the Company.
