

**Results of Operations for the Three Months Ended September 30, 2021** - American Overseas Group Limited Announces Net Loss Of \$1.8 Million and Operating Loss of \$1.8 Million For the Three Months Ended September 30, 2021.

HAMILTON, Bermuda, December 30, 2021 (BUSINESS WIRE) -- American Overseas Group Limited BSX: AORE.BH) (Pink Sheets: AOREF.PK) ("AOG" or the "Company") today reported consolidated net loss available to common shareholders of \$1.8 million, or \$37.38 per diluted share, for the three months ended September 30, 2021. This compares to consolidated net income available to common shareholders of \$0.5 million, or \$11.58 per diluted share, for the three months ended September 30, 2020. Book value per weighted share at September 30, 2021 was \$959.06, a decline from the book value per weighted share of \$1,126.51 at September 30, 2020.

For the three months ended September 30, 2021, the Company had an operating loss of \$1.8 million, or \$37.68 per diluted share, compared to operating income of \$0.6 million, or \$11.90 per diluted share for the three months ended September 30, 2020. The financial guaranty segment ended in April of 2020 due to a commutation of the remaining portfolio of financial guaranty reinsurance business it had assumed from Assured Guaranty Municipal Corp ("AGMC"). The aggregate outstanding par value of the reinsurance portfolio commuted was \$345.0 million.

For the three months ended September 30, net earned property and casualty premiums increased \$1.1 million from \$4.3 million a year ago to \$5.4 million, driven by an increase in existing and new programs. Fee income remained constant at \$2.6 million quarter over quarter while gross written premiums increased \$4.2 million, moving from \$96.2 million to \$100.4 million. Quarterly direct written premiums were positively impacted by continued expansion of new programs, rate increases, and overall economic recovery. Loss and loss adjustment expenses as a percentage of earned premium increased from 55.1% to 71.2%.

For the three months ended September 30, operating expenses increased \$1.1 million from \$2.6 million to \$3.7 million primarily due to a \$0.9 million increase in taxes, licenses and fees associated with program business written in Louisiana. For prior year quarterly results, the Company received credits associated with these expenses from its program partner. Additionally, the Company recognized latent charges related to current year to date expenses associated with Louisiana taxes, licenses and fees in the current quarter. The remaining \$0.2 million increase in operating expense for the quarter is driven primarily by marketing activity returning to more normal levels in 2021 compared to 2020 expenditure levels, which were impacted by COVID related restrictions.

As part of its ongoing capital management efforts, the Company will continue to redirect excess capital within the group to debt reduction unless other compelling opportunities present themselves.

## **Forward-Looking Statements**

This release contains statements that may be considered "forward-looking statements" within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements include, without limitation, the Company's expectations respecting the volatility of its insured portfolio, losses, loss reserves and loss development, the adequacy and availability of its liquidity and capital resources, its current run off strategy, its strategy for writing other reinsurance businesses and its expense

reduction measures. These statements are based on current expectations and the current views of the economic and operating environment and are not guarantees of future performance. A number of risks and uncertainties, including economic competitive conditions, could cause actual results to differ materially from those projected in forward-looking statements. The Company's actual results could differ materially from those expressed or implied in the forward-looking statements.

## **Explanation of Non-GAAP Financial Measures**

The Company believes that the following non-GAAP financial measure included in this press release serve to supplement GAAP information and is meaningful to investors.

*Operating income (loss):* The Company believes operating income (loss) is a useful measure because it measures income from operations, unaffected by non-operating items such as realized investment gains or losses. Operating income (loss) is typically used by research analysts and rating agencies in their analysis of the Company.
